Values-based Education

Valuing ourselves, each other and our world

Last term, we sent out a survey to find out about what values parents and carers feel are important in the world and what are important in school. We also spoke to children and staff in our school about their views.

We have selected the 11 top values to become our school values. We will celebrate a value each month. We only have 11 values as we are not in school in August.

Our new school values are:

Respect

Cooperation

Happiness

Thoughtfulness

Freedom

Unity

Trust

Honesty

Patience

Courage

Responsibility

**“A value is a principle
that guides our thinking and behaviour.”**

This morning, we introduced the children to our first value – Respect. Throughout the month, they will be exploring what respect is, how we show it and what impact this has on us, our community and our world.

January's Value is

Respect

Respect is treating others as I would
want them to treat me;
Nicely and with care.

Respect is looking after the
environment and things around me.

TREAT
OTHERS
the way
you
want to be
TREATED.
